## MEMORANDUM

TO: Employers Interested in Delaware's Workplace Safety Program

FR: Workplace Safety Program Office

RE: **Beginning the Qualifying Process**

---

You have indicated an interest in the Insurance Department's Workplace Safety Program and are just a few steps away from savings on your insurance premiums.

To start the qualifying process, please:

- Fill out the enclosed *Delaware Employers' Workplace Health and Safety Incentive Program General Questionnaire* and return it to this office five months prior to your renewal date at the above address. The information you provide will serve as the basis for the workplace inspector's visits.
- Determine the costs of the inspections by checking the attached fee schedule. **Submit a check** (made payable to the Delaware Insurance Department) with the filled-out questionnaire in the amount of the first year inspections. If you are a contractor or artisan and have a fluctuating number of work sites, base the amount of the check on the number of work sites you have at the time you fill out the questionnaire. Adjustments will be made after the visits have been completed.

With the return of the questionnaire and the check covering the costs of the inspections, the Department will assign an independent safety inspector to you who will schedule the first visit. **Please note: the first visit must be completed at least four months prior to your policy renewal date.** You will receive the safety discount if the first inspection shows that your site(s) meet the safety standards. Failure to reaffirm the findings of the first visit on the unannounced visit will result in the loss of that discount.

**Remember: while you must re-apply each policy renewal year to continue receiving the discount, you will only have to undergo two inspections in your first year. In all succeeding years, there will only be one inspection (unannounced) - at half the price.**

If you have any questions, please do not hesitate to call (302)674-7300 (alt. fax 739-5280). We appreciate the opportunity to be of service to you and look forward to welcoming you into the Workplace Safety Program.
